"Whatever you do, work at it with all your heart"

Colossians 3:23

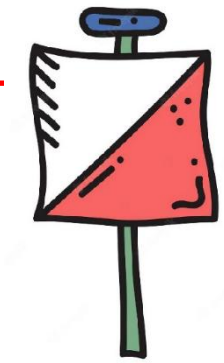

Outdoor Adventure Activities

Year 6 - Autumn 1 & 2

Key Knowledge:

To know that:

- The centre of the circle shows the exact location of the control.
- By each team member having a specific role (e.g. one person records number/letter, the other identifies next signal location) means signal points can be located quicker.
- Remembering the number/letter at multiple controls in one go will complete the course quicker.
- Using the letter/number shown on the map helps me check if the correct control has been found
- Less time spent studying the map, the more time can be used moving to each control

Key Vocabulary:

Job assignment - a task or piece of work allocated to someone e.g. each child is assign a control point to locate

Multiple - more than one of something

Memorise - remembering something without having to look at a prompt
