"Whatever you do, work at it with all your heart."

Colossians 3:23

Year 3 – Autumn 2

Curriculum Overview

English—Through a wonderfully engaging selection of text, we focus on the skills of writing, including how to check our own writing, whilst developing handwriting too. We really think about the many reasons why we write and bring this into our carefully sculpted teaching and learning. Most of our lessons this half term will be linked to the wonderful story of The Lion, the Witch and the Wardrobe by C.S. Lewis.

Maths – Please see separate overview for more detail.

Computing—We learn how to use the Internet safely, how important being safe online is and how to use Word to present information and pictures.

RE—We study aspects of Christianity and the significance of the Christmas Story for Christians including learning about the Trinity and Baptism.

Reading—We have three specific Reading lessons a week starting by really diving into a text, then discussing it and exploring the vocabulary used before approaching answering questions about the text. We read aloud together and teachers continually model fluency. All our texts are carefully chosen to support our work in English and Discovery lessons.

P.E- All children take part in lively and engaging weekly PE lessons to develop the skills of resilience through a variety of activities, including ball skills and co-operative games.

French— In this topic, we will learn about colours in French – Les Couleurs.

P.S.H.E – This half term, we explore 'Me and My Relationships' through a series of interactive lessons.

Music— We will be learning some new songs and building on our vocal skills.

Science—We are investigating light and learning that darkness is the absence of light.

D /T – We are learning about packaging and will be making a little something for you!
