BPSP WEEKLY REMINDER

Monday 28 September 2026

Reading Book Amnesty

Please could we ask all families to check at home for any books from our reading scheme 'Rising Stars Reading Planet'. These books are shared among pupils, and replacing missing books can be costly for the school. Without their return, we have limited supplies available to provide enough books for all children to progress through the scheme.

Thank you for your support in helping us keep our reading resources available for everyone.

Head Lice and Nits – Important Reminder for Parents

We would like to remind all families to please check your child's hair and scalp regularly for **head lice and nits**.

Head lice can spread easily through close head-to-head contact, and reinfestation can occur when not all affected children are identified and treated. To help break the cycle, we ask that all parents/carers take the time to **check their child's hair carefully and treat any head lice found, following appropriate treatment advice**.

We appreciate that discovering head lice can be frustrating, but it is important that we all work together to prevent repeated outbreaks. It is unfair for some families to have to **continually treat their child because the cycle of reinfection is not being broken**.

Please check your child's hair regularly, particularly if you are aware of head lice within their class or friendship group. If you find lice or nits, please take appropriate action and continue checking afterwards to make sure the infestation has been cleared.

Thank you for your cooperation and for helping us keep the children and wider school community comfortable and free from ongoing reinfestation.
