3 February 2026

Dear Parents and Carers

On Tuesday 10th February, our school will be taking part in Safer Internet Day. This is a national event focusing on how children and young people can stay safe online and the theme for this year is 'exploring the safe and responsible use of AI' – an issue that is becoming increasingly relevant for children, families and schools alike.

Being safe online is at the heart of our Computing curriculum and your child takes part in online safety lessons at least once a half term. As part of our programme of activities, our children will learn about the Safer Internet Day theme during a school assembly as well as a planned activity with their class teacher in the afternoon.

Further information about Safer Internet Day, along with resources that can be explored at home, can be accessed using the following links:

Safer Internet Day:

<https://saferinternet.org.uk/safer-internet-day/safer-internet-day-2026>

Top tips for young people:

Alternatively, if you have any concerns about your child being safe online, you may also find the NSPCC's online safety resources helpful.

Kind regards

S Lay

Mr Lay
Interim Computing lead
