8 January 2026

Dear Parents and Carers of Year 3

Happy New Year to you all and welcome to the Spring Term - although it definitely does not feel like Spring yet!!!

As with every new half term, new topics and new learning have already started in classrooms across the school. Please find attached curriculum information for the half term ahead.

This includes an overview of what will be covered within each curriculum subject over the next 6 weeks and the more detailed Knowledge Organisers for each topic. As before, each Knowledge Organiser outlines the knowledge the children will learn, with the Key 3 learning statements in bold red; these are the nuggets of information we would like all children to remember from this unit because they feed into future learning and enhance your child's/children's experience of the curriculum as they move through the school. In addition, there is a list of key vocabulary with definitions. This vocabulary will be explained and used in lessons by teachers who will also encourage the children to use the correct terminology to explain their understanding. Any support you can give your child at home with learning the Key 3 and practising the vocabulary will only consolidate what they are learning in school.

All of this information is also on our school website: [Our Curriculum | Baden-Powell and St Peter's Church of England Junior School](#)

If you have any questions or suggestions regarding curriculum, please contact the school office in the first instance: office@bpsp.coastalpartnership.co.uk.

Many thanks for your ongoing support.

Kind regards

Heidi

Heidi Inns

Assistant Headteacher
