FAMILY COACHING

Relationship and Family Therapy, RAFT Ltd, is offering a series of tailor-made workshops for parents and carers of children and young people with SEND, funded by BCP Council. These sessions are delivered either online or at our centre in Bournemouth.

Our 6-stage coaching model provides a safe space for parents and carers to explore ways to meet their own needs and enhance their relationships.

WHAT DOES IT INVOLVE?

Our coaches use motivational interviewing techniques and evidence-based theoretical tools to help you to step back and assess the dynamics at home in a non-judgmental environment. They will listen and work with you to identify the differences and similarities of communication needs within the family.

To support you in getting the best out of your relationships, your coach will explore with you topics including:

- Self-care
- Self-compassion
- Communication skills (assertiveness, boundaries, conflict resolution)
- Drama Triangle
- Love Languages
- Stress and the brain

This programme is suitable for coupled parent/carers, single parents / carers and those who are co-parenting, with proven positive results. You can attend sessions on your own or with a partner.

FAQ'S

Is this the same as counselling?

No. Instead of delving into past experiences in counselling, family coaching is a short-term, forward-focussed intervention to support you in meeting your own needs, whilst enhancing dynamics in the home.

Can children attend these sessions?

Family coaching is for adults only. Separate counselling is available for children and young people.

What information is shared with BCP?

RAFT's service is independent of the Local Authority. BCP will not be aware of who accesses this service.
