- Understanding what this looks like
- Why it isn't bad behaviour.
- Sensory overload and triggers
- Repair and connect
- What is masking and how to support.

This is for parents with a child who is mostly fine in school all day and but comes home and behaves very differently. Trying to understand, console and support can be challenging.

If you would like more information, please come to an informal meeting to help with this and give you some useful tips going forward. It will be a chance also to meet other parents and to share experiences. (If you wish to do so, no pressure!)

2. Back to school/morning anxiety

DATE: Thursday 11 June

TIME: 4.00 - 5.00 pm

VENUE: BPSP

Does your child struggle to come to school in the morning, after a weekend, or a holiday? Do they struggle with transitions? Do you find it difficult to understand and know how to support them?

If you would like more information, please come to an informal meeting to help with this and give you some useful tips going forward. It will be a chance also to meet other parents and to share experiences. (If you wish to do so, no pressure!)

RSVP to my email with confirmation of attendance and numbers, thank you.

- Go on a knowledge quest to find out about something you love

Pop into any BCP library or use the QR code above for more information.

Our Story Doors Trail is launching on May 25th.

24 local schools have each produced a Story Door based on a book they've loved. There's one in each library. How many can you find?

24 local schools have each created a story door, and there's one hidden in every BCP library.
