

“Whatever you do, work at it with all your heart”

Colossians 3:23

## Christianity: Creation and Science

Year 6

Summer 2

### Key Knowledge: to know that...

The creation story is in the book of Genesis

**Christians, Jews and Muslims believe that the world and everything in it was planned and created by God. They believe the world was created in 6 days.**

There are other theories of Creation that differ from religious views.

**There are scientific theories on Creation such as Evolution and The Big Bang Theory**

**There are theories which pair both scientific and religious views**

There is a great deal of debate and some controversy around the relationship between the accounts of creation in Genesis and scientific accounts. T

The interpretation of Genesis and scientific texts about the Big Bang theory cause a huge deal of debate.

Not all Christians interpret Genesis in the same way and some of the scientific texts contradict each other.

There are many scientists throughout history and living today that are Christians.

The discoveries of science make Christians wonder even more about the power and majesty of the Creator.

Key Vocabulary:

Creation: The idea that the world and everything in it has been created by God.

Conflicting: When two ideas do not work together

Complementary: When two ideas work well together.

Cosmology: Learning about how the universe was created – most scientists believe this was due to ‘The Big Bang.’ Evolution: The slow process of animals and plants changing over time

Genesis The first book of the Bible – the beginning of which is about God creating the universe.

Psalm: A book, song or poem found in the Bible.
